25X1 5. [] - LLM) Mr. David Brinkley, a student at Duke University, called and explained that he was writing his Master's thesis on "The Comradely Courts" of the Soviet Union, that he had checked on these material with the Library of Congress, and that he was hopeful that the Agency would have some source material. I confirmed that we had on occasions released studies in depth on various topics to academic institutions for the use of scholars and that I would check to see if we had done a paper on this subject and that we would be back in contact with him as soon as this can be checked out.

25X1 6. [] JSW) Congressman Glenard Lipscomb called stating that he had just had a chance to look at the figures on the status of Soviet and Cuban forces in Cuba which we provided him on 18 August. He stated that this was not in the same detail or format of a similar statement which we furnished him in September of 1964 and he hoped that he could have the same type of information as furnished in 1964 updated to this year. I assured him that this could be done and he would have it tomorrow.

In addition, Mr. Lipscomb asked me if we had pulled together yet the sources of the public statements on the percentage of areas under Viet Cong control which figures we had furnished him earlier. I indicated that we were working on this and would get it to him just as soon as possible.
